Information on the Doctoral State Examination Enrolment Request

Information on the final doctoral state examination is listed in the *Dean's of the FAT USB ordinance dealing with the studies in doctoral study programmes*.

Candidates for the final doctoral state examination use *the final state examination enrolment request* form published on the website of the Faculty in the section "forms and templates" administered by the Study Department.

Candidates shall fill out the form and file it with the Study Department. The Study Department checks the form for accuracy and then passes it to the Dean of the Faculty.

The supervisor confirms by signing the field "written materials for the doctoral state examination" that he received these materials from the candidate.

The supervisor makes his/her statement in the field "statement of the supervisor" (below the table).

With the filled request form the signed sheet **Annex to the doctoral state examination enrolment request** must be filed.

The composition of the committee must respect the *Dean's ordinance dealing with the studies in doctoral study programmes!* (The supervisor files the proposal of the committee members to the Subject Advisory Board in advance for the ABD to approve it). Further, file the list of published papers.

Please study carefully all terms and requirements and file the request form with a sufficient time reserve before the planned term of the doctoral state examination respecting all provisions of the *Dean's Ordinance* to avoid the refusal of your request and the subsequent postponement of the DSE.

Thank you

The Study Department of the FAT USB
